AKAMAI TECHNOLOGIES, INC. ADDITIONAL REVENUE METRICS (UNAUDITED) MARCH 31, 2018

On January 1, 2018, Akamai adopted the pronouncements of the new revenue recognition standard on a retrospective basis and restated its 2017 and 2016 reported revenue. The below tables illustrate the revised revenue amounts. Please refer to the Akamai website for revenue dollar amounts and growth rates as previously reported, the adjustments to the previously reported amounts and the revised amounts for the changes.

REVENUE BY DIVISION – A customer-focused reporting view that reflects revenue from customers that are managed by the division. As of January 1, 2018, Akamai now reports its revenue in two divisions compared to the three divisions reported in 2017; the Media Division and Enterprise and Carrier Division were combined to form the new Media and Carrier Division. In addition, as the purchasing patterns and required account expertise of customers changes over time, Akamai may reassign a customer's division from one to another. In 2018 Akamai reassigned some of its customers from the Media and Carrier Division to the Web Division and revised historical results in order to reflect the most recent categorization and to provide a comparable view for all periods presented.

REVENUE FROM CLOUD SECURITY SOLUTIONS – A product-focused reporting view that illustrates revenue from Cloud Security Solutions separately from all other solution categories. During 2018, Akamai updated its methodology for allocating revenue to specific solutions when solutions are sold as a bundle. During 2018, Akamai reassigned amounts from CDN and other solutions revenue to Cloud Security Solutions revenue and revised historical results in order to reflect the most recent allocation methodologies and to provide a comparable view for all periods presented.
