SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549

FORM 8-K

CURRENT REPORT

Pursuant to Section 13 OR 15(d) of The Securities Exchange Act of 1934

Date of Report (Date of earliest event reported)
February 11, 2026

AKAMAI TECHNOLOGIES, INC.
(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation)

000-27275
(Commission File Number)

04-3432319
(I.R.S. Employer
Identification No.)

145 Broadway
Cambridge, MA 02142
(Address of principal executive offices) (Zip Code)

Registrant's telephone number, including area code: (617) 444-3000

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (*see* General Instruction A.2. below):

- Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, \$0.01 par value	AKAM	Nasdaq Global Select Market

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On February 11, 2026, the Talent, Leadership & Compensation Committee of the Board of Directors (the “Committee”) of Akamai Technologies, Inc. (“Akamai” or the “Company”) adopted bonus and equity compensation programs for 2026 for the following individuals (Akamai’s principal executive officer, principal financial officer and Akamai’s other currently serving named executive officers): F. Thomson Leighton, Chief Executive Officer; Edward McGowan, Chief Financial Officer; Paul Joseph, Executive Vice President, Global Sales and Services; Adam Karon, Chief Operating Officer and General Manager of the Cloud Technology Division; and Mani Sundaram, Executive Vice President and General Manager, Security Technology Group (each, an “Executive” and collectively, the “Executives”).

Each Executive is eligible to participate in a 2026 bonus program that provides for payment to the extent designated corporate performance objectives are met. Such amounts will be paid in shares of vested common stock issued under the Amended and Restated Akamai Technologies, Inc. 2013 Stock Incentive Plan, as amended (the “Plan”), in lieu of cash. The number of shares to be issued, if any, will be calculated by dividing the bonus value achievement by the closing sale price of the Company’s common stock on the date that financial results for 2026 are certified by the Committee (the “2026 Certification Date”). For each of the Executives, the performance objectives consist of and are weighted as follows: 50% based on Akamai’s achievement of a specified revenue target for fiscal year 2026 and 50% based on Akamai’s achievement of a specified adjusted operating income target for fiscal year 2026. Calculation of performance against the revenue and adjusted operating income targets will take into account the impact of foreign currency fluctuations. In addition, the bonus is subject to a modifier based on designated environmental, social and governance (“ESG”) objectives for 2026 established by the Committee. If management exceeds the ESG objectives, the bonus earned based on the financial metrics above will be increased by up to 10%; if management fails to meet the ESG objectives, the bonus earned on the financial metrics above will be decreased by up to 10%. The foregoing description is qualified in its entirety by the full text of the bonus plan set forth in Exhibit 99.1 and incorporated herein by reference.

For Dr. Leighton, his 2026 base salary will be \$1.00, with a target bonus value of \$1,500,000 and maximum value of \$3,300,000. For Mr. McGowan, his 2026 base salary will be \$535,000, with a target bonus equal to 85% of his 2026 salary earnings and a maximum bonus equal to 187% of his 2026 salary earnings. For Mr. Joseph, his 2026 base salary will be \$520,000, with a target bonus equal to 100% of his 2026 salary earnings and a maximum bonus equal to 220% of his 2026 salary earnings. For Mr. Karon, his 2026 base salary will be \$570,000, with a target bonus equal to 100% of his 2026 salary earnings and a maximum bonus equal to 220% of his 2026 salary earnings. For Mr. Sundaram, his 2026 base salary will be \$500,000, with a target bonus equal to 80% of his 2026 salary earnings and a maximum bonus equal to 176% of his 2026 salary earnings.

As described in the table below, the Committee also approved grants to the Executives of restricted stock units (“RSUs”) under the Plan, consisting of annual vesting RSUs, corporate performance-based RSUs and stock performance-based RSUs as follows:

Name	Dollar Value of RSUs with Annual Vesting To Be Granted	Dollar Value of Corporate Performance-Based RSUs To Be Granted		Dollar Value of Stock-Based RSUs To Be Granted	
		(target deliverable)	(maximum deliverable)	(target deliverable)	(maximum deliverable)
Dr. Leighton	\$7,250,000	\$2,900,000	\$5,800,000	\$4,350,000	\$8,700,000
Mr. McGowan	\$2,755,000	\$1,102,000	\$2,204,000	\$1,653,000	\$3,306,000
Mr. Joseph	\$2,230,000	\$892,000	\$1,784,000	\$1,338,000	\$2,676,000
Mr. Karon	\$3,430,000	\$1,372,000	\$2,744,000	\$2,058,000	\$4,116,000
Mr. Sundaram	\$2,325,000	\$930,000	\$1,860,000	\$1,395,000	\$2,790,000

All RSUs will be granted on March 2, 2026 (the “Grant Date”), with the number of RSUs calculated by dividing the dollar value set forth above by the closing sale price of one share of the Company’s common stock on the Grant Date (in the case of performance-based RSUs, the number will be based off of the maximum deliverable). Each RSU represents the right to receive one share of Akamai common stock upon vesting.

RSUs with annual vesting vest as follows: 1/3 on each of the first, second and third anniversaries of the Grant Date.

Vesting of corporate performance-based RSUs is subject to the Company’s performance against equally weighted revenue and non-GAAP earnings per share targets over fiscal years 2026, 2027 and 2028, taking into account the impact of foreign currency fluctuations. The Committee has established, or will establish, annual revenue and earnings per share goals at the beginning of each of fiscal years 2026, 2027 and 2028; each year’s performance will be equally weighted in determining the aggregate number of RSUs earned. Performance at 100% of target will earn the target number of RSUs. The threshold number of RSUs issuable will be earned if the Company exceeds 90% of the target; 110% performance against target will earn the maximum number of RSUs issuable. Performance between such levels will be proportionately awarded on a straight-line interpolation. Earned RSUs will vest on the date that the Company’s fiscal 2028 financial results are certified.

Vesting of stock performance-based RSUs is based on the total shareholder return (“TSR”) of the Company’s common stock relative to companies in the S&P 500 Index (the “Index Group”) over calendar years 2026, 2027 and 2028 (the “Performance Period”). TSR will be calculated as the average closing price of the Company’s stock over the last 90 trading days of 2028 plus the aggregate value of dividends per share issued by the Company during the Performance Period minus the average closing price of the Company’s stock over the 90 trading days prior to January 1, 2026, divided by the average closing price of the Company’s stock over the 90 trading days prior to January 1, 2026. If the Company’s TSR over the Performance Period is at the 50th percentile when ranked against the TSRs of companies in the Index Group, 100% of the target number of RSUs will be eligible to vest. For every percentile by which the Company’s TSR ranking within the Index Group exceeds the 50th percentile, the number of RSUs eligible to vest will increase by 4% of target, up to a maximum of 200% of target if the Company’s TSR ranking is at the 75th percentile. For every percentile by which the Company’s TSR ranking within the Index Group is below the 50th percentile, the number of RSUs eligible to vest will decrease by 3%, with no payout if the Company’s TSR ranking is below the 25th percentile. Earned RSUs will vest on the date that the Company’s fiscal 2028 financial results are certified.

Aaron Ahola

Executive Vice President, General Counsel and
Corporate Secretary

Akamai Technologies, Inc. Bonus Plan

Performance Period: FY _____**Name:****Title:**

This _____ Executive Bonus Plan sets forth your annual incentive bonus compensation for _____ based on the achievement of certain corporate performance objectives. In order to receive your _____ annual incentive bonus, you must be an employee in good standing throughout all of _____ and the objectives must be achieved, as described more thoroughly below. The Talent, Leadership & Compensation Committee of the Board of Directors (the "TL&C Committee") will resolve all questions arising in the administration, interpretation and application of this plan, and the TL&C Committee's determination will be final and binding on all concerned. Where permitted by applicable law, the TL&C Committee reserves the right to modify, at its discretion and at any time, the terms of this plan, including, but not limited to, the performance objectives, targets, and payouts.

Estimated _____ gross salary: \$ _____ (Estimated based on pay periods between January 1 and December 31, _____)

Target bonus percentage: _____%

Estimated annual incentive bonus at target: \$ _____

Estimated total annual incentive compensation at target: \$ _____

To the extent earned, your bonus will be paid to you in fully-vested shares of Akamai common stock issued under the Akamai Technologies, Inc. 2013 Stock Incentive Plan, as amended. Any such payment shall be subject to applicable withholding requirements.

Performance Objectives/Targets

Your _____ annual incentive bonus is comprised of three components: (1) corporate financial performance during Fiscal Year _____ against a non-GAAP revenue target (50%) (the "Revenue Component"); (2) corporate financial performance during Fiscal Year _____ against a non-GAAP operating income target (50%) (the "Operating Income Component" and, together with the Revenue Component, the "Financial Components"); and (3) corporate performance against environmental, social and governance targets set forth in Schedule 2 (the "ESG Component").

The method for calculating corporate financial performance used to determine the Financial Components is described in the attached Schedule 1. In the event of any question as to whether the components of the Financial Components have been satisfied, the TL&C Committee shall make such determination. The TL&C Committee also has the authority to make downward discretionary changes to the payout amount. The amounts payable to you under the Financial Components are as follows:

Revenue Component

Akamai Performance Against Target from Schedule 1⁽¹⁾	Target Amount (\$M)	Amount Payable to You
90% of Target	\$ _____	0% of Component
100% of Target	\$ _____	100% of Component
110% or Greater of Target	\$ _____	200% of Component

⁽¹⁾ For performance at intermediate percentages not specified, the amount paid shall be calculated based on where actual performance falls on the "slope" between the two identified tiers.

Akamai Technologies, Inc. Bonus Plan

Operating Income Component

Akamai Performance Against Target from Schedule 1 ⁽¹⁾	Target Amount (\$M)	Amount Payable to You
90% of Target	\$ _____	0% of Component
100% of Target	\$ _____	100% of Component
110% or Greater of Target	\$ _____	200% of Component

⁽¹⁾ For performance at intermediate percentages not specified, the amount paid shall be calculated based on where actual performance falls on the “slope” between the two identified tiers.

The amount earned based on achievement against the Financial Components (the “Base Bonus”) is then subject to a modifier in the range between -10% and +10% based on achievement against the ESG Targets as set forth on Schedule 2 (the “ESG Multiplier”). The modifier applicable to your Base Bonus is as follows:

Akamai Performance Against Target from Schedule 2 ⁽¹⁾	Multiplier	Amount Payable to You
Below Target ESG Score	-0.1% to -10%	Base Bonus multiplied by .90 to .99
At Target ESG Score	None	100% of Base Bonus
Above Target ESG Score	+0.1% to +10%	Base Bonus multiplied by 1.01 to 1.10

⁽¹⁾ For performance at intermediate percentages not specified, the amount paid shall be calculated based on where actual performance falls on the “slope” between the two identified tiers.

The issuance of shares of Akamai common stock earned by you (less tax withholding) will be made to you promptly following the TL&C Committee’s written certification of the amount earned hereunder as described in the preceding paragraph. The number of shares issued upon achievement of your bonus will be calculated based on the closing sale price of the Akamai’s common stock on the date of such certification.

SCHEDULE 1

CORPORATE FINANCIAL PERFORMANCE MEASUREMENT METHODOLOGY

A. Overview; Definitions

The target amount for payment at 100% of the Revenue Component is \$ _____ million. The target amount for payment at 100% of the Non-GAAP Operating Income Component is \$ _____ million.

For purposes of this Agreement, such metrics shall have the following meanings:

“Revenue” shall mean the Company’s consolidated revenue for fiscal year _____ calculated in accordance with generally accepted accounting principles in the United States (US) of America and adjusted for constant currency (defined as revenue denominated in US dollars plus revenue denominated in foreign currencies converted to US dollars at _____ budgeted foreign currency exchange rates) and other non-recurring or unusual items that may arise from time to time.

“Non-GAAP Operating Income” shall mean the Company’s consolidated annual operating income for fiscal year _____, which is income from operations before income taxes, interest income, interest expense and other income/expense, adjusted for items excluded by the Company in determining non-GAAP earnings including amortization of acquired intangible assets; stock-based compensation; amortization of capitalized stock-based compensation; amortization of capitalized interest expense; acquisition-related costs; restructuring charges; gains and losses on legal settlements; costs incurred with respect to Akamai’s internal FCPA investigation ; and other non-recurring or unusual items that may arise from time to time. Non-GAAP operating income will be adjusted for constant currency.

If, on December 31, _____, the Company is required to make periodic reports under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the Company’s consolidated financial statements filed with the Securities and Exchange Commission on Form 10-K shall constitute its “Public Company Financial Statements” and shall apply. If, on December 31, _____, the Company is not required to make periodic reports under the Exchange Act, the Company’s regularly prepared annual audited financial statements prepared by management shall be its “Private Company Financial Statements” and shall apply. The Public Company Financial Statements or Private Company Financial Statements, as applicable, may be referred to herein as the “_____ Financial Statements.”

B. Effect of an Acquisition or Disposition by Akamai

In the event that Akamai closes an Acquisition Transaction or Disposition Transaction during _____, the TL&C Committee shall make adjustments to affected performance targets to give effect to the expected impact on such targets of the applicable Acquisition Transaction or Disposition Transaction (including whether it is accretive or not) based on management’s good faith estimate of the projected impact as presented to the Board of Directors and/or TL&C Committee. An “Acquisition Transaction” means (i) the purchase of more than 50% of the voting power of an entity, (ii) any merger, reorganization, consolidation, recapitalization, business combination, liquidation, dissolution or share exchange involving Akamai and an entity not previously owned by Akamai, or (iii) the purchase or other acquisition (including, without limitation, via license outside of the ordinary course of business or joint venture) of assets that constitute more than 50% of another entity’s total assets or assets that account for more than 50% of the consolidated net revenues or net

income of such entity. A “Disposition Transaction” means the sale of a division, business unit or set of business operations and/or related assets to a third party.

All determinations of the TL&C Committee regarding the estimated impact of an Acquisition Transaction shall be final, binding and non-appealable. The cumulative impact of all Acquisition Transactions shall be set forth in a statement delivered upon payment, if any, of the bonus contemplated by this plan. This plan shall be deemed to be automatically amended, without further action by the Company or the executive, to give effect to any adjustments required by this Section B.

C. Effect of Your Death

If you die during ____, then your estate shall be entitled to receive a pro rata target bonus payout based on the number of days into the year of the date of death; the bonus payment shall be delivered to your estate within 30 days following such death. If you die after ____ and before the date on which the ____ financial results are certified, then your estate shall be entitled to receive your earned bonus payout; the bonus payment shall be delivered to your estate within 30 days following such death.

SCHEDULE 2

ESG COMPONENT MEASUREMENT METHODOLOGY

Metric	Weighting	Potential Score
Inclusion Goal	33.3%	+/- 0-3.33%
Employee Engagement Goal	33.3%	+/- 0-3.33%
Sustainability Goal	33.3%	+/- 0-3.33%

The “Inclusion Goal” for ___ is based on achievement of an inclusion score that falls within the range between ___% and ___% as determined by an employee survey conducted in the second half of ____.

The “Employee Engagement Goal” for ____ is based on achievement of an employee engagement score that falls within the range between ___% and ___% as determined by an employee survey conducted in the second half of ____.

The “Sustainability Goal” for ____ is based on: _____.

The sum of the scores for each metric will be used to calculate the ESG Multiplier. Scores for each metric may be between 0 and +/- 3.33% based on partial over- or underachievement against targets. The TL&C Committee, in its sole discretion, will determine the achievement against the metrics. Sample calculation:

Metric	Weighting	Potential Score	Assessed Achievement	Score
Inclusion Goal	33.3%	+/- 0-3.33%	Exceeded goal	+2.2
Employee Engagement Goal	33.3%	+/- 0-3.33%	Exceeded goal	+1.1
Sustainability Goal	33.3%	+/- 0-3.33%	Missed goals	-1.1
Overall Achievement				+2.2
ESG Multiplier				1.022
